The circuit shall be supplied for the transmission of a multiplexed aggregate bit stream for telegraphic and data signals.

The Department of State reserves the right to increase or decrease this digital circuit bandwidth requirement from no less than 10Mb and up to 100Mb within 30 days written notice to the Contractor. The desired intervals for circuit bandwidth are as follows: 10Mb, 15Mb and 20Mb. The Contractor is to provide fractional T-1 fixed cost pricing for this increase or decrease of digital service. The availability of this circuit shall not be less than 99.7 percent per month over the period of the contract.

B. These digital services shall be via Optic Fiber. The service shall be for the exclusive use of the Department of State, 24-hours per day, 7 days per week, and 52 weeks per year.

C. The Contractor shall coordinate the service and shall be responsible for the technical sufficiency of the circuit, including services necessary to establish, operate, and restore the circuit. Except for modems and terminal equipment furnished by the Government, the Contractor shall provide all equipment, materials, and supplies required to provide the service which includes the Data Service Unit (DSU) configured with Data Communications Equipment (DCE) interface. If required, signal element timing shall be provided by the Contractor's facility.

The Contractor shall provide, properly adjust, and maintain the circuit for continuous Department of State use. The Contractor shall ensure that the circuit complies with service changes, additions, or deletions as required under this contract.

E. RESERVED.

F. The circuit shall be completely transparent to the 1Gb data, with no bits added to or deleted from the bit stream provided to the interface of the Department of State equipment. The circuit shall be supplied for the transmission of a multiplexed aggregate bit stream for telegraphic and data signals. All other characteristics will be in accordance with International Telegraph and Telephone Consultative Committee (CCITT) specifications.

G. The Contractor shall supply a Data Service Unit(s) (DSUs) configured with a Data Communications Equipment (DCE) interface. Signal element timing shall be provided as follows: (1) timing to the American Embassy will be provided by the Contractor's facility.

H. RESERVED.

NOTE: Where applicable for digital service and for information purposes:

I. Services. This is a firm fixed-price contract for the lease of one full period, full duplex, clear

channels, digital circuits and internet leased lines capable of supporting synchronous traffic. For the clear channel circuits, they shall be completely transparent to 1Gb data or different if specified on the service requirements, with no bits added to or deleted from the bit stream provided to the interface of the Department of State equipment.

J. Bit Error Rate Test (BERT) The bit error rate (BER) for the service shall not be greater than 1 in 10 to the 6 bits for 99.7% of the time, for all time.

K. Acceptable Level of Performance. The Standard of Performance (SP) for this contract is 99.7% percent availability per month (100 percent less 0.3 percent each month for corrective and preventive maintenance).

1. Definitions:

Circuit Availability Acceptance Level: Yearly Circuit Availability Acceptance Level is computed by 365 calendar days times 24 (hours per day) times 99.7% acceptance level equals 8,716.20 hours annum. ($365 \times 24 = 8760 \times 99.7\% = 8,733.72$). Monthly Circuit Availability is computed by the calendar days per month times 24 (hours per day) times 99.7% acceptance level (example: $31 \times 24 = 744 \times 99.7\% = 741.76$).

Downtime: That period of time when the circuit becomes non-operational or unusable for communication or transfer of data or failures to meet the minimum acceptance standards. The maximum cumulative Annual downtime that shall be acceptable for corrective or preventative maintenance is 26.28 hours ($8760 \times .3\%$). The maximum cumulative Monthly downtime that shall be acceptable for corrective or preventative maintenance shall be .3% of the total available hours for the month (example: $31 \times 24 = 744 \times .3\% = 2.23$ hours).

Period of Downtime: Downtime shall commence at the time first attempt for contact is made by the Government (or its representative) to the Contractor's Point of Contact and shall be annotated on the Remedy Ticket and shall continue until the circuit is returned into Service by the Government.

Downtime credit shall be equal to the hourly or daily rate (as applicable) as identified in the schedule in Section B. There are two (2) situations when circuit Downtime Credits can be accumulated:

- 1) Below Availability Level,
- 2) Extended Downtime.

2. Credit for Circuit Downtime by Situation

Below Availability Level: If the downtime accumulated for a circuit adds up to 26.28 ($8760 \times 0.3\%$) cumulative hours or more during any one contract year (365 calendar days) or depending on the number of hours for the month (example $744 \times .3\%$) cumulative hours per month (example: 31 calendar day month) the Contractor shall grant a hourly credit to the Government for each hour of downtime. Each additional one hour increment or portion thereof will be assessed as an additional hour.

Extended Downtime Credit(s): Cumulative time of more than 18 hours but not greater than 24 hours for any one outage shall be assessed at a daily rate. Any increment of 24 hours beyond the initial 24 hours of any one outage shall be assessed at the standards for the hourly rate up to 12 hours, however between 12 and 24 hours the credit shall be assessed at the daily rate.

3. Exceptions to Cumulating of Downtime

The Contracting Officer shall make final determination as to whether downtime is the responsibility of the Contractor. If requested by the Contracting Officer, the Contractor shall provide documentation to support claims of excusable downtime. For downtime determined to be the Contractor’s responsibility, the Contracting Officer may elect to assess a credit for each instance of non-performance.

4. Payment Reduction for Downtime Credits

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples*.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final

tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at [22.1503\(b\)](#).]

☐ (1) Maintenance, calibration, or repair of certain equipment as described in FAR [22.1003-4\(c\)\(1\)](#). The offeror ☐ does ☐ does not certify that–

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.
